Help protect your future from life’s uncertainties

Your Group Long Term Care Insurance Program
The University of Northern Iowa benefits now include Group Long Term Care Insurance for University of Northern Iowa employees. Under the University of Northern Iowa Group Long Term Care Insurance Program, coverage to help pay for long term care may be more affordable than you think.

The need
Long term care insurance enhances The University of Northern Iowa’s benefit offerings by meeting a largely unrecognized need many of us may have. It pays for covered expenses for long term care services whether they are received at home, in the community or in a nursing facility. Here are a few points to consider:

- These expenses aren’t covered by either our disability or health insurance.
- Relying on government programs may not be a viable solution.
- Without insurance, the costs of these services may have to come out of savings.

The cost
Today, a private room in an Iowa nursing facilities averages $60,773\(^1\) a year and costs are rising. Since a typical stay can average three years\(^2\), a long term care situation could cost almost $183,000.

The opportunity
As a newly hired University of Northern Iowa employee, you have the opportunity to get coverage, with no underwriting depending on your age and the plan you choose, during the first 30 days after you become benefits-eligible.

Eligibility for Benefits: Your Group Program can reimburse you, up to your plan limits, for the costs of covered long term care services. You qualify for reimbursement when you need assistance with 2 or more everyday activities which include bathing, continence, dressing, eating, toileting, and transferring out of a bed, chair or wheelchair, and the need is expected to last for at least 90 days; or when you need substantial supervision due to a cognitive impairment, such as Alzheimer’s disease. A licensed health care professional must confirm your condition. The services must be part of your plan of care from a licensed health care professional.

Limitations and Exclusions: As with any insurance program, certain limitations apply. Charges that are not covered include those for services: • for which no charge is made • received outside of the United States • provided by your immediate family except as covered under the Informal Care benefit • for which benefits are payable by a Worker’s Compensation or occupational disease act or law • provided by a Veteran’s Administration or other federal government facility, unless a valid charge is made. Charges are also not covered if they are for services that are required because of: • war or an act of war • attempted suicide or self-inflicted injury • your participation in a felony, riot or insurrection • service in the armed forces or units auxiliary thereto • alcoholism or drug addiction.

Other Limitations on Benefits: Benefits under the Program coordinate with other group long term care insurance meaning that the sum of all benefits you receive will not exceed the actual charges. And, benefits will not duplicate benefits received under another insurance program such as: • Medicare • any state or federal worker’s compensation, employer’s liability, or occupational disease law • any other federal, state or government health care or long term care program (including the Community Living Assistance Services and Supports Act - CLASS Act), or law except Medicaid.

This is a summary of the limitations and exclusions. State variations may apply to these exclusions and limitations. The specific language may vary or change the impact of the exclusion. For example, in Oklahoma, the war exclusion is qualified. Check your Outline of Coverage for complete details and any state variations that apply.
