

Nurse On-Call For Work Related Injuries

Occupational Medicine and Wellness
has partnered with
Nurse On-Call
to give your company increased
assistance for work related injuries.

**Free assistance for your work related
injury questions is a phone call away!**

**Nurse On-Call will work with your supervisors to help
them determine if the best solution for your employee
is an ER visit or they can schedule an appointment with
Occupational Medicine for the following morning.**

Guidelines for Using Nurse On-Call for Work Related Injuries

1. Nurse On-Call for Work Related Injuries will be available for 2nd and 3rd shift possible injuries:
 - a. Monday –Friday, 5:30PM-7:00AM
 - b. Saturdays and Sundays, 24 hours
2. Please utilize Occupational Medicine and Wellness from 7:00AM-5:30PM Monday-Friday
3. Nurse On-Call-Work Related Injuries is specifically designed for company supervisors/leaders to call for assistance in determining what the next steps are for an injured worker when Occupational Medicine and Wellness clinic is closed
4. Nurse On-Call will follow a series of questions to determine if the employee needs to visit the emergency room, go home for the night and rest and/or schedule an appointment with Occupational Medicine and Wellness Clinic the following clinic day.

Nurse On-Call is a FREE service to help ensure the best care for your injured employee and help decrease costly ER visits for your company. **Nurse On-Call** will also help increase continuity of care between Occupational Medicine and Wellness and the Emergency Department by scheduling a follow up appointment at the time of the call. **Nurse On-Call** will also provide feedback on reported calls for the previous night which will facilitate communication between Occupational Medicine and Wellness and your company.
