Leadership vision is what makes a team worth working for. A vision to provide meaning to the goals you are setting out to accomplish.

Leadership vision covers the overarching purpose, values, and aspirations. It professionally and personally. This is a perfect time to cast a vision for what you are hoping to accomplish. What do you want to see in your one-year plan? What is your team/department’s vision? What process needs revision? What is the biggest barrier holding you back?

In January 2025? What is your leadership vision for that time? What does your team need to focus their energy to better lead you? Do you want to connect? You can reach me at Cedar Falls, IA 50613
